## **Obstetrical Ultrasound Scanning**

Michigan State University  
College of Osteopathic Medicine  
Statewide Campus System Ultrasound Course

### **Obstetrical Standardized Patients Needed**

**\$200.00**

The MSUCOM Statewide Campus System offers an Obstetrical Ultrasound Scanning Course for first-year obstetrical resident physicians. This two-part course includes a half-day event for hands-on learning how to scan obstetrical patients.

We are looking for obstetrical patients who will be between 18 and 32 weeks pregnant on October 6, 2022. These patients will commit to approximately 3.5 hours of time for abdominal ultrasound scanning for faculty-supervised obstetrical residents:

**Thursday, October 6, 2022 from 1:00-4:30 pm**

**Held at the James B. Henry Conference Center  
3535 Forest Road (next to the University Club)  
Michigan State University**

**You will not be scanned during this entire time**, but we would need you to remain on-site from 1:00 pm-4:30 pm.

Payment from Michigan State University will be mailed to you after the course. You will need to provide information for payment on the day of your participation.

If interested, or for further information:

**Please contact Leslie Lopez at [lopezle1@msu.edu](mailto:lopezle1@msu.edu) or 517-432-0489.**  
Thank you for your willingness to participate in the training of future obstetricians/gynecologists.
