

Welcome to our new website!

The Michigan State University College of Osteopathic Medicine Statewide Campus System (SCS) is excited to launch our new integrated site to showcase our new educational consortium model. We hope you will find it easy to navigate these fresh, clean pages with our drop-down menus and enhanced features. You can register for educational events, locate program information, and manage your own membership information on these pages.

Click [HERE](#) to explore our new website.

As part of our new website, we are implementing a Members-Only portal that contains your educational resources. This message--and more coming in the near future-- will help you get acquainted with the many self-services benefits you can access and manage from our website.

To login to the new Members-Only portal, you may either enter through the website home page [HERE](#) or directly through the [Member Portal Login](#). See detailed instructions below.

Be sure to check out our events page for a listing of educational offerings. These will afford you greater opportunities to network with experts across the State of Michigan and even worldwide. Our experts share their experiences and best practices to optimize your institution's resident and faculty education. In addition, specialty calendars provide crucial information regarding upcoming events for the specialty and SCS cross-specialty offerings. If you don't see what you are looking for immediately, be patient. We are updating with new events daily.

We look forward to continuing to partner with you in training excellent physicians and extend to you a personal invitation to contact us at any time with suggestions and/or feedback to help SCS better meet your needs as members. As always, your Academic Specialists are happy to help with all your questions and concerns. Dr. Patricia Obando, Assistant Dean for SCS, is also available via email at obando@msu.edu.

We trust that you will enjoy our website's new look and feel.

From the SCS website home page, click on the Member Portal in the upper left corner of the page.
